

TRAVEL SUGGESTIONS

The conference site is located at the border of the historic city centre. Underground and tramway stations are in the immediate vicinity (underground lines U1/U2/U4 Karlsplatz – Exit Resselpark, tram lines 62 or 65 Resselgasse).

By air: Trains connect the airport to Wien Mitte station every half hour from 5:30 to 23:30. Wien Mitte is two underground stops (U4) from the conference site (total travel time 35 minutes, 3 € to 10.50 € depending on train connection). A taxi from the airport is about 25 €.

By car: Free parking is virtually unavailable. An underground car park is located at the site (access: Operngasse 13, 2.90 €/h).

Please see the conference website for details!
